MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Procurement Contract Disputes Clause

1. This memorandum contains a recommendation in paragraph 4 for approval of the Director of Central Intelligence.

2. Our procurement contracts normally contain a clause outlining how disputes will be handled. In connection with Contract PSC-202-UNV with the [redacted] in New York, this clause provides that the Contractor may appeal a decision of the Contracting Officer to you or your authorized representative, who, after a hearing, will make final and conclusive decision.

3. [redacted] has a claim for additional payments under a contract completed by them on which they lost money. We can at this time see no grounds for relief, although we have some sympathy for the company's position, but we definitely have no objection to the requested appeal.

4. With the concurrence of the Director of Logistics, we recommend that you appoint [redacted] Chief, Commercial Staff, as your authorized representative to hear this case. [redacted] has been informed and is available to serve.
